Date Mailed: 01/25/2002

Receipt is acknowledged of this nonprovisional Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Customer Service Center. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

RESPONSE TO COMMUNICATION RE: RETROACTIVE LICENSE UNDER 37 CFR 5.25

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This document is a response to the communication mailed on March 17, 2003 from the Examiner denying Applicants' Petition for Foreign Filing License under 37 CFR 5.14 for the above-identified patent application. Applicants respectfully submit that a Retroactive License under 37 CFR 5.25 is no longer necessary because the Applicants received the filing receipt granting a foreign filing license for the subject patent application before the filing of any foreign patent application. Therefore, the Applicants respectfully request withdrawal of the Petition for Retroactive License under 37 CFR 5.25.

The relevant events are summarized below:

- December 4, 2001 – Applicants filed the above-identified patent application with the U.S. Patent and Trademark Office (USPTO).
- January 25, 2002 – USPTO mailed the filing receipt for the above-identified patent application, which stated that the foreign filing license was granted on January 25, 2002. A copy of the filing receipt is attached.
- January 30, 2002 – Applicants submitted a Petition for a Foreign Filing License Under 37 CFR 5.14 in anticipation of filing a Japanese national patent application because the Applicants had not yet received the filing receipt from the USPTO indicating that a foreign filing license was granted.
- February 13, 2002 – A Japanese national patent application claiming priority to the above-identified U.S. patent application was filed in the Japanese Patent Office (JPO).

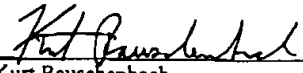

RESPONSE TO COMMUNICATION
RE: Foreign Filing License under 37 CFR 5.14
Serial No.: 10/005,065
Page 2 of 2

As indicated by the above summary of relevant events, the U.S. Foreign Filing License was granted on January 25, 2002, before the filing of the Japanese patent application in the JPO. Therefore, a Retroactive License under 37 CFR 5.25 is unnecessary.

FEE AUTHORIZATION

Should any fee associated with the submission of this response and/or the withdrawal of Applicants' Petition be required, the Commissioner is authorized to charge the appropriate fee to our Deposit Account, No. 501211.

Respectfully submitted,

Kurt Rauschenbach
